RHD STUDENT STAFF LIASION COMMITTEE
SCHOOL OF MECHANICAL AND MINING ENGINEERING

Terms of Reference:

The objectives of the RHD Student Staff Liaison Committee are -

- to improve the experience of RHD students within the School.
- to foster a culture of collegiality in support of excellence in research outcomes by RHD students.

These will be achieved by -

- providing a forum for RHD students to bring concerns and issues to the attention of the school;
- providing a framework for communicating developments within the School to the RHD student cohort;
- providing a forum for members to make suggestions on how improve the School’s research environment and culture;
- highlighting and sharing examples of good practice,
- considering and seeking to resolve academic and administrative problems which are of concern to RHD students, and
- making recommendations to other committees and to managers on matters requiring action that the Committee cannot resolve directly.

Committee Composition:

Members of the RHD Student Staff Liaison Committee are –

- Postgraduate Coordinator
- Head of School
- Chair of the Research Committee
- Postgraduate Administration Officer
- Research Committee student representatives

All research higher degree students are invited to attend the committee meetings.

Meeting Schedule: Quarterly
Reports to: Head of School, School of Mechanical and Mining Engineering
Secretary: Ms Brianne Mackinnon (Postgraduate Admin Officer)
